

Wishing you a Merry Christmas and a Happy New Year from all of us at Allstone.

To inspire you through the holidays our Travertine 'Mocha' is one of our most popular and versatile stones.

The tiles for flooring or walling veneers have a matte finish and are available in sizes 610x305/100x12mm. The pavers have been brushed to give them a more textured finish and are 500x500x30mm. These are also available with bull nose edging.

Check out the range at [our Showroom](#) in Prospect to talk about your stone and paving requirements, or visit our unmanned display at [Collinswood](#) 24/7.
