

Hi and Happy New Year,

Bluestone - Character, history and one of Adelaide's favourite stones.

At Allstone, we have Bluestone available in both veneers and blocks from two very different quarries. 'Montana Blue' in predominantly blue/grey tones is a very popular choice with our clients. We are proud to have it feature on the surrounding wall of the Panda Enclosure at the Adelaide Zoo. 'Old Adelaide' with its rustic autumn colours reflects the traditional bluestone look which Adelaide is renowned for.

Check out the range at [our Showroom](#) in Prospect to talk about your stone and paving requirements, or visit our unmanned display at [Collinswood 24/7](#).
