

BLUESTONE OLD ADELAIDE

Split Face 100 x 100 x 50 Cobblestones

Timeless, detailed and unique. The autumn tones and rugged finish of these cobbles carries on the tradition of South Australia's heritage buildings making it ideal for projects capturing old world charm. The rich colours in these bluestone cobbles are simply stunning.

These character cobbles are a new arrival at Allstone, unfortunately, we don't have a lot of photos of these beauties yet, but rest assured we'll add some as soon as we have them. We can't wait to see how you use them to add personality and interest into your paving areas.
