

## **TRAVERTINE MARBLE OTTOMAN IVORY**

Peck Face 800 x 400 x 15mm Veneers

**all sizes available:** 800 x 400 x 15 Veneers, 800 x 400/300/200 x 15 Veneers

A contemporary take on a classic, this stone rejuvenates the textured finish we see on so many of South Australia's prominent heritage stone buildings. With a peck face, but in a larger format than you might expect, this travertine provides a beautiful contemporary finish, while also providing a historical reference.
